Subject: question on ICs at VB I-70

Hi Jennifer,

Sorry to bother you a second time in one day . . . we are creating a presentation on ICs to share at a July CAG meeting for CO Smelter and Jeannine wants to use VB-I-70 as an example. Any chance you have some photos from the site that my be helpful in pointing out the types of protections we typically include in ICs? Maybe a pic of a driveway that if removed could create an issue? Or maybe just a pic of some homes in the site? Is a fact sheet or copy of the ICs on the web site?
